"Missing You Already"

"Missing You Already"

ONE PLAGUE YEAR LATER

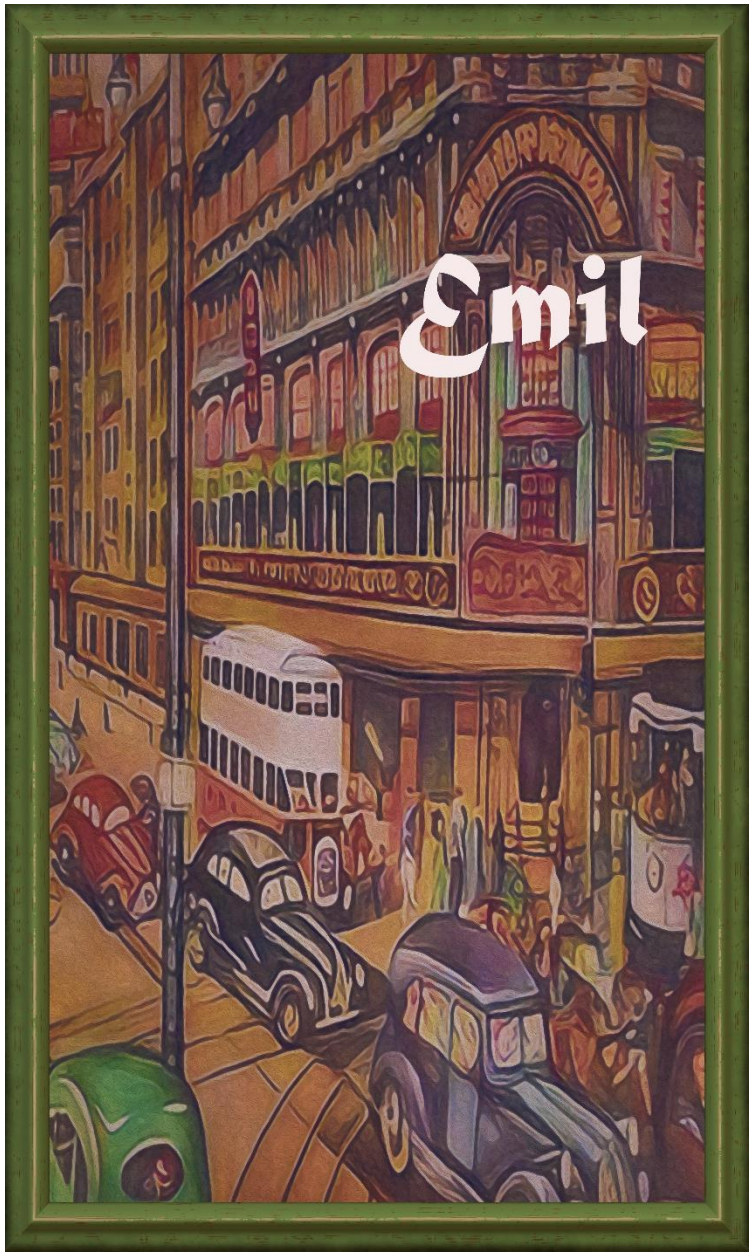
As we are coming on the university of the Plague Virus lockdowns that have forever changed our lives and forewarned even the culturally blind like Emil that we are had stumbled into the Dawn of this "Great Social Reset" where our treasured freedoms had all been surrendered up to corrupt politicos and media-hungry men of science in exchange (all too freely) for what they assured us was only a temporary disruption of our normal lives; we thought that we would assemble a collection of Emil's Plague Year dismissal of the urge to join the masses in their obsession with all the disinformation and outright lies of all those who keep shifting goal lines and blame.

Emil was determined to give us a taste of what he knew was not gone as they warned but, that had only been misplaced like old photos hidden in the back, basement closet.

SEINE

"Missing You Already"

"Missing You Already"



ONE PLAGUE YEAR LATER

Most of my regular readers will more than well understand my love-hate relationship with the former crown colony and how the love part of this troubled, dysfunctional relationship was decades long and that it wasn't until our recent (2018) failing out over my six-week detainment by my little buddies in the CCP Thought Police (Hong Kong division) and the current requests for my extradition back to Hong Kong for yet a more extensive, refresher, re-education course.

OK! I WILL SET ALL THAT ASIDE!

I agreed with Seine to remember the years of good, the nice people and cheap prices on good quality used cameras that I use to go there for. There is much to remember, to recall, to smile about without inserting those CCP Gangsters into the mix and then again, I did promised Seine to zip my lip on the negative other than to say "I don't miss you thugs (CCP) in the least!"

"Smoldering black smoke arose from every pile of rubble in what had once been the great Luciferian Capital and we ensured that none of made actual eye contact with the patrolling Heavenly Horde Militia as to not be stopped and harassed.

We passed through the wreckage to where we had set up camp and planned our escape from the encircling, victorious armies of Michael and his warrior clan.

They had won and we had been powerless to change the old Shaman's prophecy of us as the harbingers of the end of nearly a million years of the Luciferian Republic."

"Lord Forgive Us! But, we do need to make some money!

POSTER SALES?

We have rarely if ever done such a thing but, Mr. Charles (WWWG's Guru Accountant) has determined that with current books sales, we will need an additional fifty-five years to recoup what Emil owes us in advances and overages on his expense account on the Hobo Tours.

So, Mr. Charles had the brilliant suggestion that we try to get Emil's few readers interested in Emil Posters and this edition was the collective creation of our Marketing Brain Trust & Mr. Charles..."

"THERE WAS A TIME WHEN....We are still here even though the world about us changes and morphs into yet a stranger version of the Twilight Zone even as far away as here in Singapore.

American Politicos are seriously talking of the ways and means to intern their political opposition – all 75 million of them into internment camps, taking children away from descent parents to re-educate them into the wonders of the dawn of this GREAT SOCIAL RESET.

I wish I was kidding or that this is a bad, direct-to-video Sci-Fi Movie instead of the lead story on both CNN and the BBC this morning..."

"WELCOME BACK FRIENDS! Are you scratching your head and wondering why after all my complaining about Emil's obsession with temples and the likes; why would
I approve yet another temple-based book from Emil?
I was too...believe me this was my good intention but, with the realities and circumstances of this dawn of the Brave New Social Reset, I had no better choice to make!
Why?
Well...This is rather simple as Emil has been locked away on the Isle Of Penang for almost a year after the original 15-day lockdowns has turned into almost a year long internment and due to this simple fact, Emil has had to increasingly cannibalize the unused parts of his catalog."
